

West Elementary Assessment Calendar

The following dates have been designated for administration of assessments to students in the Wamego Public Schools. Parents can expect further communication from each school related to specific assessments as dates approach.

Assessments are important! Education professionals use test results for a variety of purposes. Results and data can assist with:

- Identifying the general development level of students so that teachers may adapt materials and instructional procedures to meet individual needs.
- Identifying areas of relative strength and weakness in the performances of groups (such as classes or grade levels) which may have implications for funding qualifications or curriculum change.
