

All participating businesses were asked to highlight their business by sponsoring a table and decorating it. USD 320 did a fine job-the first time we've participated! The display for 320 featured placemats created by Central that consisted of collages of Central over the decades, the INTEL award West won for excellence in math instruction, the Kansas Teacher of the Year (Curtis Chandler) award from WMS, and a Red Raider plaque for WHS. Our "take aways" consisted of the following: crayons, Wamego Red Raider ball hats, shirts, and sweatshirts, car plates, and other school items. The table that showcased how their business best helps make Wamego the ideal place to live, work and play took home the traveling Cindy Blanchard Table Magic Award. USD 320's participation in this annual Chamber event highlights our commitment to developing and maintaining reciprocal partnerships with our community!
